

## Sustainability: Wall-E Reflection

### Part 1

Wall-E did some interesting things with garbage - what was he telling us about the importance of our stuff?

- 
- 
- 
- 

What were some of the biotic (living) things that still existed on Earth?

- 
- 
- 
- 

What do you think the message about sustainability is?

- 
-

- 

### Part 2

Why do you think Eva was sent to find plant life? Why are plants such a valuable resource in the movie?

- 
- 
- 
- 

Why does the movie show “future Earth” without a blue sky, plants, animals, or any human life at all?

- 
- 
- 

Has the movie made you think about how you treat our current Earth? List some things you are already doing to make the Earth sustainable. List some changes you may make.
